Team Newsletter

October 26, 2017

Introductory

The month of November is shaping up to be our busiest month yet! Team leadership has continued to work on our community outreach workshop programs; plans for our robotics lab at McKinley are being put into place; and arrangements for new grants and sponsors are being made.

General Updates

There will be a Boy Scout Robotics Merit Badge Workshop that will take place on December 27th, 2017. The workshop will run from 8:00 AM until 3:00 PM. We will have 32 Boy Scouts at Walden, and it is important that we have volunteers to run the event. We need about 15 volunteers, and lunch will be provided to those who help out. This can count as volunteer hour for ROPE! If you are able to help, please fill out this google form as soon as possible: [Robotics Merit Badge Volunteer Signup](#)

It is essential that all team members officially sign up for the team through the FIRST website. Even if you filled out a form and got approved, you still have to do this. All you have to do is make an account at <https://www.firstinspires.org/> and click "sign up." Enter some information about yourself and then "apply" for Team 6643 Walnuts and Bolts.

The sponsor meeting will occur on December 27th, 2017. This will be in conjunction with the Boy Scout Merit Badge Clinic. If you are interested in helping with this please sign up to volunteer with the [Robotics Merit Badge Volunteer Signup](#)

Finally, please fill out the [Walnuts and Bolts Pre-Participation Form](#) so that we can find out the effects of the team. The information on here will not be shared, and it only asks for your name so that we know who has and has not completed the form.

Upcoming Events

- 11.17.17 Team Orientation for New Members - Ted's Room during Lunch
- 12.8.17 Team Meeting - Ted's Room during Lunch
